QUARTERLY REGIONAL NON-METALLIC PRICE MONITOR
 Reporting Period: Quarter Ending DECEMBER Year 2021

INSTRUCTIONS

1. This form must be accomplished by the MGB Regional Office in duplicate. The original copy should be submitted to MGB Central Office through the Mineral Economics, Information and Publications Division. The duplicate copy should be forwarded to the DENR Central Office through the Statistical Coordination Division.
2. Submit this report one (1) month after the end of each calendar quarter.
3. Please be reminded that although this is a consolidated quarterly report, the content should be disaggregated by month.
4. Use additional sheets if necessary.

DEFINITION OF TERMS:

Non-metallic mineral commodity refers to a mineral usually having a dull luster, generally light colored, transmits light, usually giving either colorless or light colored streak from which a non-metallic element/component can be extracted/ utilized for a profit such as limestone, sand & gravel, clay, marble, silica etc.

Type of product refers to the specific name or classification of mineral products sold in the market. Example, for limestone - agricultural use, industrial use, cement use and construction use

Province/City refers to the name of the province or city where the mineral product is produced. All provinces/cities producing the indicated mineral shall have their respective selling price

Ex-mine price refers to the price of the mineral commodity sold by the producer/contractor/operator from the mine/plant site

Retail price refers to the prevailing market price of mineral commodity sold to the consumer, by the Dealer/Trader/Retailer, as surveyed during the month. Indicate unit used (e.g P80/MT or P120/cu.m.)
